POLICY STATEMENT

The curriculum at Shannon Johnson Elementary School shall be aligned with Kentucky Core Content and Common Core Standards. The curriculum at Shannon Johnson Elementary School shall be focused on student learning and shall include common assessments and common instructional units as well as formative assessments.

Teachers are expected to use common summative assessments, common formative assessments, and common standards based units. It is also expected that the teacher will establish clear learning targets each day. It is expected that data from these and other instructional tools will be shared, discussed and used to make effective instructional decisions for students. Reports of progress will be made to the council by the principal and lead teachers in three times (Fall, Winter and Spring) throughout the school year.
