POLICY STATEMENT

All grade levels shall have unit assessments, unit plans and instructional activities aligned to Kentucky Core Content for Assessment, Common Core Standards, and Kentucky's Standards and Indicators for School Improvement. In May and August of each year, the principal or designee shall review assessments, instructional units and instructional activities with the lead teachers for each grade level. The lead teacher will provide a report to the school council at the May meeting on the status of alignment of instructional units with state standards, including recommendations for improving assessment and instruction.
